

APC/PENNDOT FALL SEMINAR

November 17-19, 2010 - Hershey Lodge & Convention Center

James Van Buren Receives Skelly Award at the 32nd Annual APC/PennDOT Fall Seminar

Jamie Van Buren became the 21st recipient of the James J. Skelly Award, APC's highest honor. The award recognizes individuals who have made an outstanding contribution to the broad objectives of the association and who have made a distinct contribution to the cause of better roads. Van Buren accepted the award during the APC Annual Meeting at the Hershey Lodge and Convention Center.

The Annual Meeting kicked-off the mid-November seminar where more than 1,500 contractors, consultants, representatives from the Pennsylvania Department of Transportation, the Pennsylvania Turnpike Commission, and the Federal Highway Administration joined to take advantage of an unparalleled networking opportunity.

Van Buren

121 exhibitors displayed an extensive array of products and services currently in demand by the transportation construction industry. The event is underwritten through the generosity of many APC member sponsors, without whom this premier event could not exist. Please turn the pages to enjoy a
